Animal Embassy:

Nature Rocks!

Saturday, July 7 at 11:00 am

Argentine Black & White Tegu

This educational & entertaining program will take families around the world with a unique group of rescued and adopted animals. We

will discover some of the musical instruments used by people indigenous to these regions including a rainstick, maracas or a drum. We'll also discuss examples of animals that contribute to nature's symphony including song birds, chirping crickets and chorus frogs. Families will meet incredible live Animal Ambassadors such as South American Chinchillas, North American Spring Peepers, a Cuban Tree Frog, an African Sulcata Tortoise, and African Lovebird or Australian Eclectus Parrot.

Sponsored by the Friends of the Hurley Library
